

UCU members are currently balloting for strike action. A clear vote for action will give the best chance of winning reinstatement for the Halesowen 4. It will also send a clear message to College management that they cannot scapegoat staff in this way..

Reinstate the Halesowen 4
No to management scapegoating
No to arbitrary dismissals

If the management of our college believe that they can treat staff in this way, then no one is safe. We are fighting for the reinstatement of the Halesowen 4 and an end to this kind of punitive and arbitrary treatment. It is not acceptable to scapegoat and punish staff in this way for failures of management and leadership.
