

# Support striking Cityclean workers

Workers at Cityclean in Brighton & Hove will start a week's strike on Friday (14 June).

They work in refuse, recycling and street sweeping. They are striking against savage cuts that could see

workers lose up to £4,000 a year.

The cuts are being pushed through by the Council's Green leader, Jason Kitcat.

A victory for these workers will be a victory for everyone fighting the cuts.
